S.P MANDALI'S weschool Welingkar Education

S. P. Mandali's Prin. L. N. Welingkar Institute of Management Development & Research (PGDM), Mumbai

INDUSTRY PARTNERSHIP INVITATION · 2026-27

Global Citizen Leaders (GCL)

Share a **real challenge** from your organisation. Our Post Graduate management teams spend **two trimesters** turning it into a **researched, prototyped, commercially feasible solution**, mentored by WeSchool faculty and by you.

ABOUT THE PROGRAM

Modelled on **"Leadership Beyond Boundaries"** by the USA-based **Center for Creative Leadership (CCL)** and **Design Impact (DI)**. Classroom learning combined with hands-on immersion in a live, real-world need.

WHAT GCL BUILDS IN OUR STUDENTS

- Self & socially aware, courageous collaborators
- Transform organisations while transforming themselves
- Agile learners who empathise from many perspectives
- A positive, collaborative mindset to change the world
- Solutions free from local paradigms

HOW IT WORKS: FROM YOUR CHALLENGE TO A SOLUTION

TRIM I · END — Challenge sourcing

TRIMESTER II · GCL MODULE I — Discover & define

TRIMESTER III · MODULES II & III — Prototype & deliver

Your Challenge

You share a challenge statement. We allocate it to a diverse student team and a faculty mentor.

★ **YOU:** Share a challenge (online form)

1 Stakeholder Mapping

Everyone the challenge touches: customers, regulators, partners, communities.

E.G. KALEIDOSYNC
Mapped the entire silk value chain, from silkworm farmers to fashion designers.

★ **YOU:** Fine-tune the challenge with the faculty mentor

2 Customer Journey

Walk in the user's shoes: awareness, consideration, decision, delivery.

E.G. DELOITTE
Journeys of a tech employee and a privacy-concerned citizen facing AI data collection.

3 Observations & Insights

Primary surveys, interviews and secondary research to find the real need.

E.G. IDFC FIRST BANK
77% of respondents were open to ESG features in their retail banking.

★ **YOU:** Review 3 opportunity spaces & give feedback

4 Prototyping

A working prototype using relevant new-age technology: AI, apps, chatbots, low-code.

E.G. GOVARDHAN ECO VILLAGE
A low-code volunteer portal with registration, status tracking and a dashboard.

★ **YOU:** Give feedback on the prototype

5 Feasible Solution

Business plan, revenue model, go-to-market and ROI that your team can act on.

E.G. AURAPAY
An age-segmented payments app with AI fraud alerts and a senior-friendly UI.

★ **YOU:** Attend the final solution presentation

★ **Your involvement:** about 4 short touchpoints across two trimesters, in person or online. Students are evaluated by faculty using rubrics.

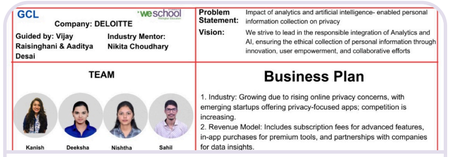

WHAT WE REQUEST FROM YOU

- A challenge statement on an Industry, Social, Sustainability or SDG theme
- A specific business-related issue you are facing
- Surveys or research work students can build on
- An existing process or situation that needs an innovative intervention
- Your time as an **Industry Mentor**, sharing experience and expertise

WHAT YOUR ORGANISATION GAINS

- Fresh, multi-disciplinary perspectives on a live problem
- Primary and secondary research insights, at no cost
- A tangible prototype and a commercially assessed solution
- Early access to industry-ready management talent
- Visible contribution to CSR, ESG and the SDGs

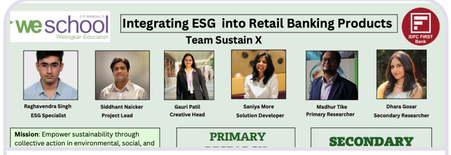

PAST PROJECTS WITH OUR PARTNERS

DELOITTE

Privacy Scorecard

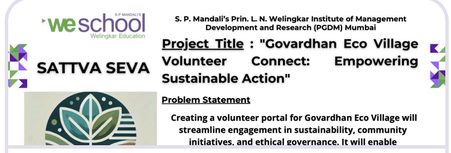

Challenge: AI-enabled personal data collection and its impact on privacy.
Built: A web dashboard scoring apps on the permissions they take.

IDFC FIRST BANK

ESG in Retail Banking

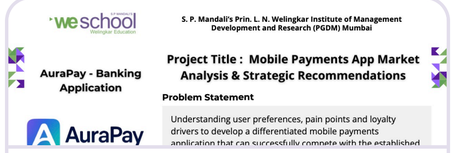

Challenge: Integrate ESG into everyday banking products.
Built: An Impact Dashboard app with personal ESG scores and a leaderboard.

GOVARDHAN ECO VILLAGE

Sattva Seva Volunteer Connect

Challenge: Scale volunteer engagement in ESG projects.
Built: A low-code volunteer portal with real-time insights.

FINTECH · PAYMENTS

AuraPay

Challenge: Stand out in a crowded mobile-payments market.
Built: An age-segmented banking app with AI security features.

SERICULTURE · SOCIAL

Kaleidosync

Challenge: Raise skills and income for silk farmers.
Built: A multilingual WhatsApp advisory chatbot.

Partner with WeSchool for GCL 2026-27

Scan the QR code to explore past projects and **submit your challenge statement online**.
Your contribution helps our students work on **live issues** and makes them industry- and real-world ready.
